PROFESSIONAL SUMMARY

Results-driven Frontend Developer and UI/UX Designer with 3.8+ years of experience delivering high-performance web applications and intuitive digital experiences. Proven expertise in React.js, HTML5, CSS3, JavaScript, Tailwind CSS, and Figma. Successfully led full-stack overhauls of live gaming platform, designed end-to-end Fintech UI systems for ICICI, Axis Bank, and Flattrade, and built scalable design systems with reusable component libraries. Adept at translating complex business requirements into pixel-perfect, WCAG-accessible, responsive interfaces that drive measurable performance outcomes.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Next.js, Bootstrap 5, Tailwind CSS, Responsive Design.

UI/UX Design: Wireframing, Prototyping, High-Fidelity Mockups, User Flows, Design Systems, Design Tokens, Visual Hierarchy, Typography, Colour Theory

Design Tools: Figma, Adobe XD, Adobe Photoshop

Accessibility & QA: Cross-Browser Compatibility, Performance Optimization, UI Auditing, Usability Testing

Dev Tools: Git, Version Control, Generative AI Tools (Gemini, Claude AI, ChatGPT)

Collaboration: Stakeholder Communication, Cross-functional Teamwork, Agile Workflows

WORK EXPERIENCE

Web Developer - 7Seas Entertainment Ltd, Hyderabad

May 2025 - Present

- Sole architect and developer of a complete full-stack overhaul of a live online gaming platform (onlinerealgames.com), owning all frontend UI, UX design decisions, and database integration end-to-end.
- Achieved a 30% measurable improvement in website performance and responsiveness through CSS optimization, lazy loading, and responsive design best practices.
- Translated complex gaming product requirements into high-fidelity visual designs aligned with typography, colour theory, and layout principles - elevating product quality and user engagement.
- Leveraged Generative AI tools (Gemini, Claude AI, ChatGPT) as development accelerators to rapidly prototype features, debug backend logic, and streamline deployment timelines.
- Conducted continuous UI audits and visual QA cycles to maintain interface consistency, accessibility compliance, and adherence to modern web design standards.

Frontend Developer - Innodigital Solutions Pvt Ltd, Hyderabad

May 2024 - Oct 2024

- Led end-to-end UI/UX design for Fintech trading platforms serving ICICI, Axis Bank, and Flattrade, transforming complex financial workflows into intuitive, user-centric interfaces.
- Built and maintained a scalable design system and reusable component library in Figma, using design tokens to enforce visual consistency and reduce prototyping time across multiple products.
- Delivered high-fidelity mockups, interactive prototypes, and detailed user flows to communicate design intent to engineering and product stakeholders.
- Partnered with cross-functional Product and Engineering teams to ensure design feasibility while preserving high standards of visual aesthetics, usability, and accessibility.
- Conducted structured usability testing and UX reviews to identify friction points; applied data-informed design decisions to improve task completion rates and application stability.

Freelance Frontend Developer

June 2023 - April 2024

- Designed and developed responsive, mobile-first web interfaces for multiple clients using HTML5, CSS3, Bootstrap, and JavaScript, ensuring cross-browser compatibility and performance optimization.
- Managed full client lifecycle from requirements gathering to final delivery, achieving a 90% client satisfaction rate across all engagements.
- Delivered accessible, fast-loading web applications with consistent UI across Chrome, Firefox, Safari, and Edge.

UI Developer - Saralam Technologies Pvt Ltd, Hyderabad

Feb 2022 - Mar 2023

- Developed user interfaces for client-facing web applications using HTML5, CSS3, and Bootstrap, contributing to improved UI code quality and front-end standards.
- Collaborated with UX/UI designers to accurately translate wireframes and mockups into interactive, cross-browser-compatible web pages.
- Participated in usability testing and user feedback sessions, applying insights to optimize navigation flows and improve the overall user experience.

KEY PROJECTS

Online Real Games - Gaming Platform Overhaul | <https://www.onlinerealgames.com>

- Sole developer on a full-stack rebuild of a live gaming platform - handled frontend UI architecture, UX redesign, and database integration, delivering a 30% improvement in performance and responsiveness.

Axis Bank eKYC Portal | <https://office.innodigital.in/axis-ekyc/mobile>

- Designed and prototyped a mobile-first eKYC interface for Axis Bank in Figma, ensuring WCAG-compliant, intuitive onboarding flows that met both regulatory requirements and usability standards.

EDUCATION

Bachelor of Technology - Computer Science & Engineering

2017 - 2021

TKR College of Engineering and Technology, Hyderabad
